THE OPPORTUNITY

Zero risk, zero work for coaches

Mounties Football has a unique chance to engage in a **fully custom merchandise fundraiser** that brings real revenue back into the program without any financial risk or effort from your coaches and staff. This effortless initiative is a joint pre-order fundraiser managed by Natural State 3D Works, specializing in custom 3D printed items, and JK Tees, known for custom apparel. Families can conveniently place their orders online, with all payment processing managed by NS3DW, ensuring that the program receives a payout check upon delivery. This means no cash handling, no inventory risk, and no procurement paperwork since NS3DW is an RPS Approved Vendor (#20847).

How It Works

Six steps to a successful fundraiser

Custom Product Lineup

NS3DW and JK Tees will collaborate to create a **custom product lineup** tailored specifically for Mounties Football. This includes your school colors and logo, ensuring every item resonates with the team spirit. Free samples will be provided before any commitment, allowing you to see the quality firsthand.

Streamlined Ordering Process

The order process is designed to be seamless and hassle-free. A shared Google Order Form and live tracking sheet will be established, giving Erica and the booster coordinator easy access. Families will receive a unique link to place orders, and all payments will be processed securely by NS3DW, eliminating cash handling entirely.

Payout at Delivery

At the end of the fundraiser, NS3DW will provide a single payout check directly to the Mounties Football program upon delivery. This means no waiting for partial payments and no complicated accounting. The program will benefit from a straightforward process, allowing you to focus more on the game and less on fundraising logistics.

HOW WE COMPARE

Evaluating options for fundraising effectiveness

Org payout

NS3DW offers
\$6.00+ average
payout per item

Inventory risk

NS3DW has **zero risk** and no
minimum order

Cash handling

Program **never handles cash**,
simplifying
payment processes

Local support
